Adjunct Professor, St. Mary's College Graduate Center, Minneapolis, Minnesota, designing and teaching courses in marriage and family therapy, grief and bereavement, formulation of treatment hypotheses and strategies, and the process of therapy, 1985 - 1993.

## **AREAS OF SPECIAL INTEREST General Statement**

Specialization in family of origin issues, and gender issues, especially in working with couples, individuals, and groups. A systems perspective is used, whether working with families, with couples, or with individuals. My primary goal is to promote personal and relationship growth and enhancement through personal and relationship coaching, therapeutic consultations, teleseminars, and publications.

## **Specific Interests**

Effects of loss on family and individual functioning. Gender issues, particularly focusing on helping men to actualize their full potential in all spheres of their lives, on helping women and men to function as equal and equitable partners in relationships, and on helping couples move beyond their respective gender socialization to relate more effectively. Effects of culture and religion on family functioning. Hypnosis, particularly in reworking traumatic or intrapsychic issues. Effects on adults of childhood abuse and neglect. The social and emotional contributors to underachievement in gifted children and adults. Schooling and learning problems. Premarital work, particularly for stepfamilies.

## **POSTDOCTORAL PROFESSIONAL PRACTICE**

### **Private Practitioner**
